More to Consider

- Send BYT *original* photos - no editing please. That means no “auto-correct” and no cropping. It can result in orange people and fuzzy prints.
- You represent and warrant that you own or have the right to the images and photos submitted for your book; and that the images and photos do not violate the privacy rights, publicity rights, copyright rights, or other rights of any person or entity.
- Build Your Tour reserves the right to de-select any suspected, offensive or illegal image. You agree to these terms when you submit photos to us.

◆ Bleed will take the image to the edge of the paper. If you want background space around ALL of your images select “no bleed”.

Dropbox is preferred. Find instructions at www.buildyourtour.com. (Any photo media will be return upon completion of the project.)

★ You will forward a list with picture *file name* and the who or what is in the photo for caption creation.

* We can have your book printed and ship the book to you or we can design the book and you can order a print version online. Which will you choose?
